

Who are we? Studio de danse Imperium opened its doors in July 2013. Since then, the school has grown steadily. The studio is known for offering incomparable training in a warm and friendly environment, as well as for its instructors who are highly qualified in their respective dance styles and dedicated to their students' success. The studio consists of six dance rooms that are equipped with special flooring for all types of dance. General description of the program: The primary goal of the Dance Concentration offered at Studio de danse Imperium is to train dancers to become versatile in many styles. Training will be provided by qualified Studio de danse Imperium instructors: we want to provide students with an enriching experience. The dancers will train throughout the year and perform several numbers in the Studio de danse Imperium year-end show. They may also participate in a competition: this decision will be made during the season.
